Public Comment:

Mr. Stickney asked the Committee to leverage current projects with Metro projects.

Approval of Meeting Minutes:

May 9th, May 17th minutes pending approval

SE 4th Street Road Improvement Project:

Jim Grueber presented recommendations on proceeding forward with SE 4th project to include cost estimates for 4 different options of construction from 224th- 228th Connector to SE 4th. The cost also included: median widths; right turn pockets; fire hydrants; sidewalks (7-8ft.); traffic signals; stormwater and roundabouts. The additional 2 ft. of ROW to be included in next cost estimate. Traffic modeling prepared by Perteet Consultants with Main Street included as a connection.

Other:

The Committee would like staff to provide options and to include roadway cross sections showing costs for 218th- 222nd Street on SE 4th Street on one sheet. The committee requests to include traffic modeling presentation showing movement through single and double lane roundabouts.
